

# Carnival Leads Edge4Vets Expansion in Miami

Business executives from private sector companies, led by Carnival Corp and the Greater Miami and Beaches Hotel Association, mentored Miami veterans May 22 hosted by Miami Dade College-West Campus. Vet groups (VA, Mission United) provided support as mentors helped vets learned how to **TRANSLATE** their military strengths to become “job ready” then make **CONNECTIONS** for jobs that can lead to careers. See more about program partners including plans to expand in the fall in collaboration with Miami Dads County (the airport) Mission United and others at [edge4vets.org](http://edge4vets.org).
